

# Worship Without Your Car

## Get To Your Faith Centre A Greener Way

Traveling green is an important way we can be stewards of our planet.

Over the weekend of \_\_\_\_\_ Greening Sacred Spaces Hamilton invites people of all faiths to travel to worship that Friday, Saturday, and Sunday on foot, by bike, by public transit or carpool.

Your faith group will be competing against other Hamilton faith groups for a chance to win a prize for your place of worship. The groups with the highest percentage of participants get the prizes.

Be part of the fun while promoting active transportation. Contact your team leader \_\_\_\_\_ Let's celebrate 'a greener way to worship' together!

**A joint project of Faith & the Common Good and Environment Hamilton with generous support of the Trillium Foundation.**
